

A modern exterior entrance featuring a dark wood-paneled wall and a central glass door. The entrance is illuminated by three recessed ceiling lights and two vertical wall sconces, each with four square light fixtures. Two potted plants are placed on either side of the door. The floor is made of large, light-colored tiles.

THE DESIGNER'S GUIDE TO EXTERIOR LIGHTING

WELCOME TO LIGHTSTYLE OF FLORIDA

For more than 25 years, Lightstyle has been Central Florida's premier destination for fine lighting, furnishings and accessories. With galleries in Orlando and Tampa Bay, Lightstyle is a trusted resource for projects throughout Central Florida and the Gulf Coast.

Clients work with an experienced, employee-owned team that understands how lighting shapes a room. We help clients think through every detail from statement chandeliers and decorative fixtures to the finishing touches that make a home, office, or commercial space feel complete.

Florida's No. 1 specification-grade resource for interior designers, architects, builders, and remodelers.

Our exclusive **Trade Program** offers designers and their clients curated selections, dedicated project support, and trade incentives designed to protect design integrity within their clients' budgets.

Lightstyle of Florida. Where form, function, and intention intersect.

WHY EXTERIOR LIGHTING MATTERS

Exterior lighting does more than brighten a home after dark. It improves safety, enhances architecture, and creates a welcoming first impression.

Safety

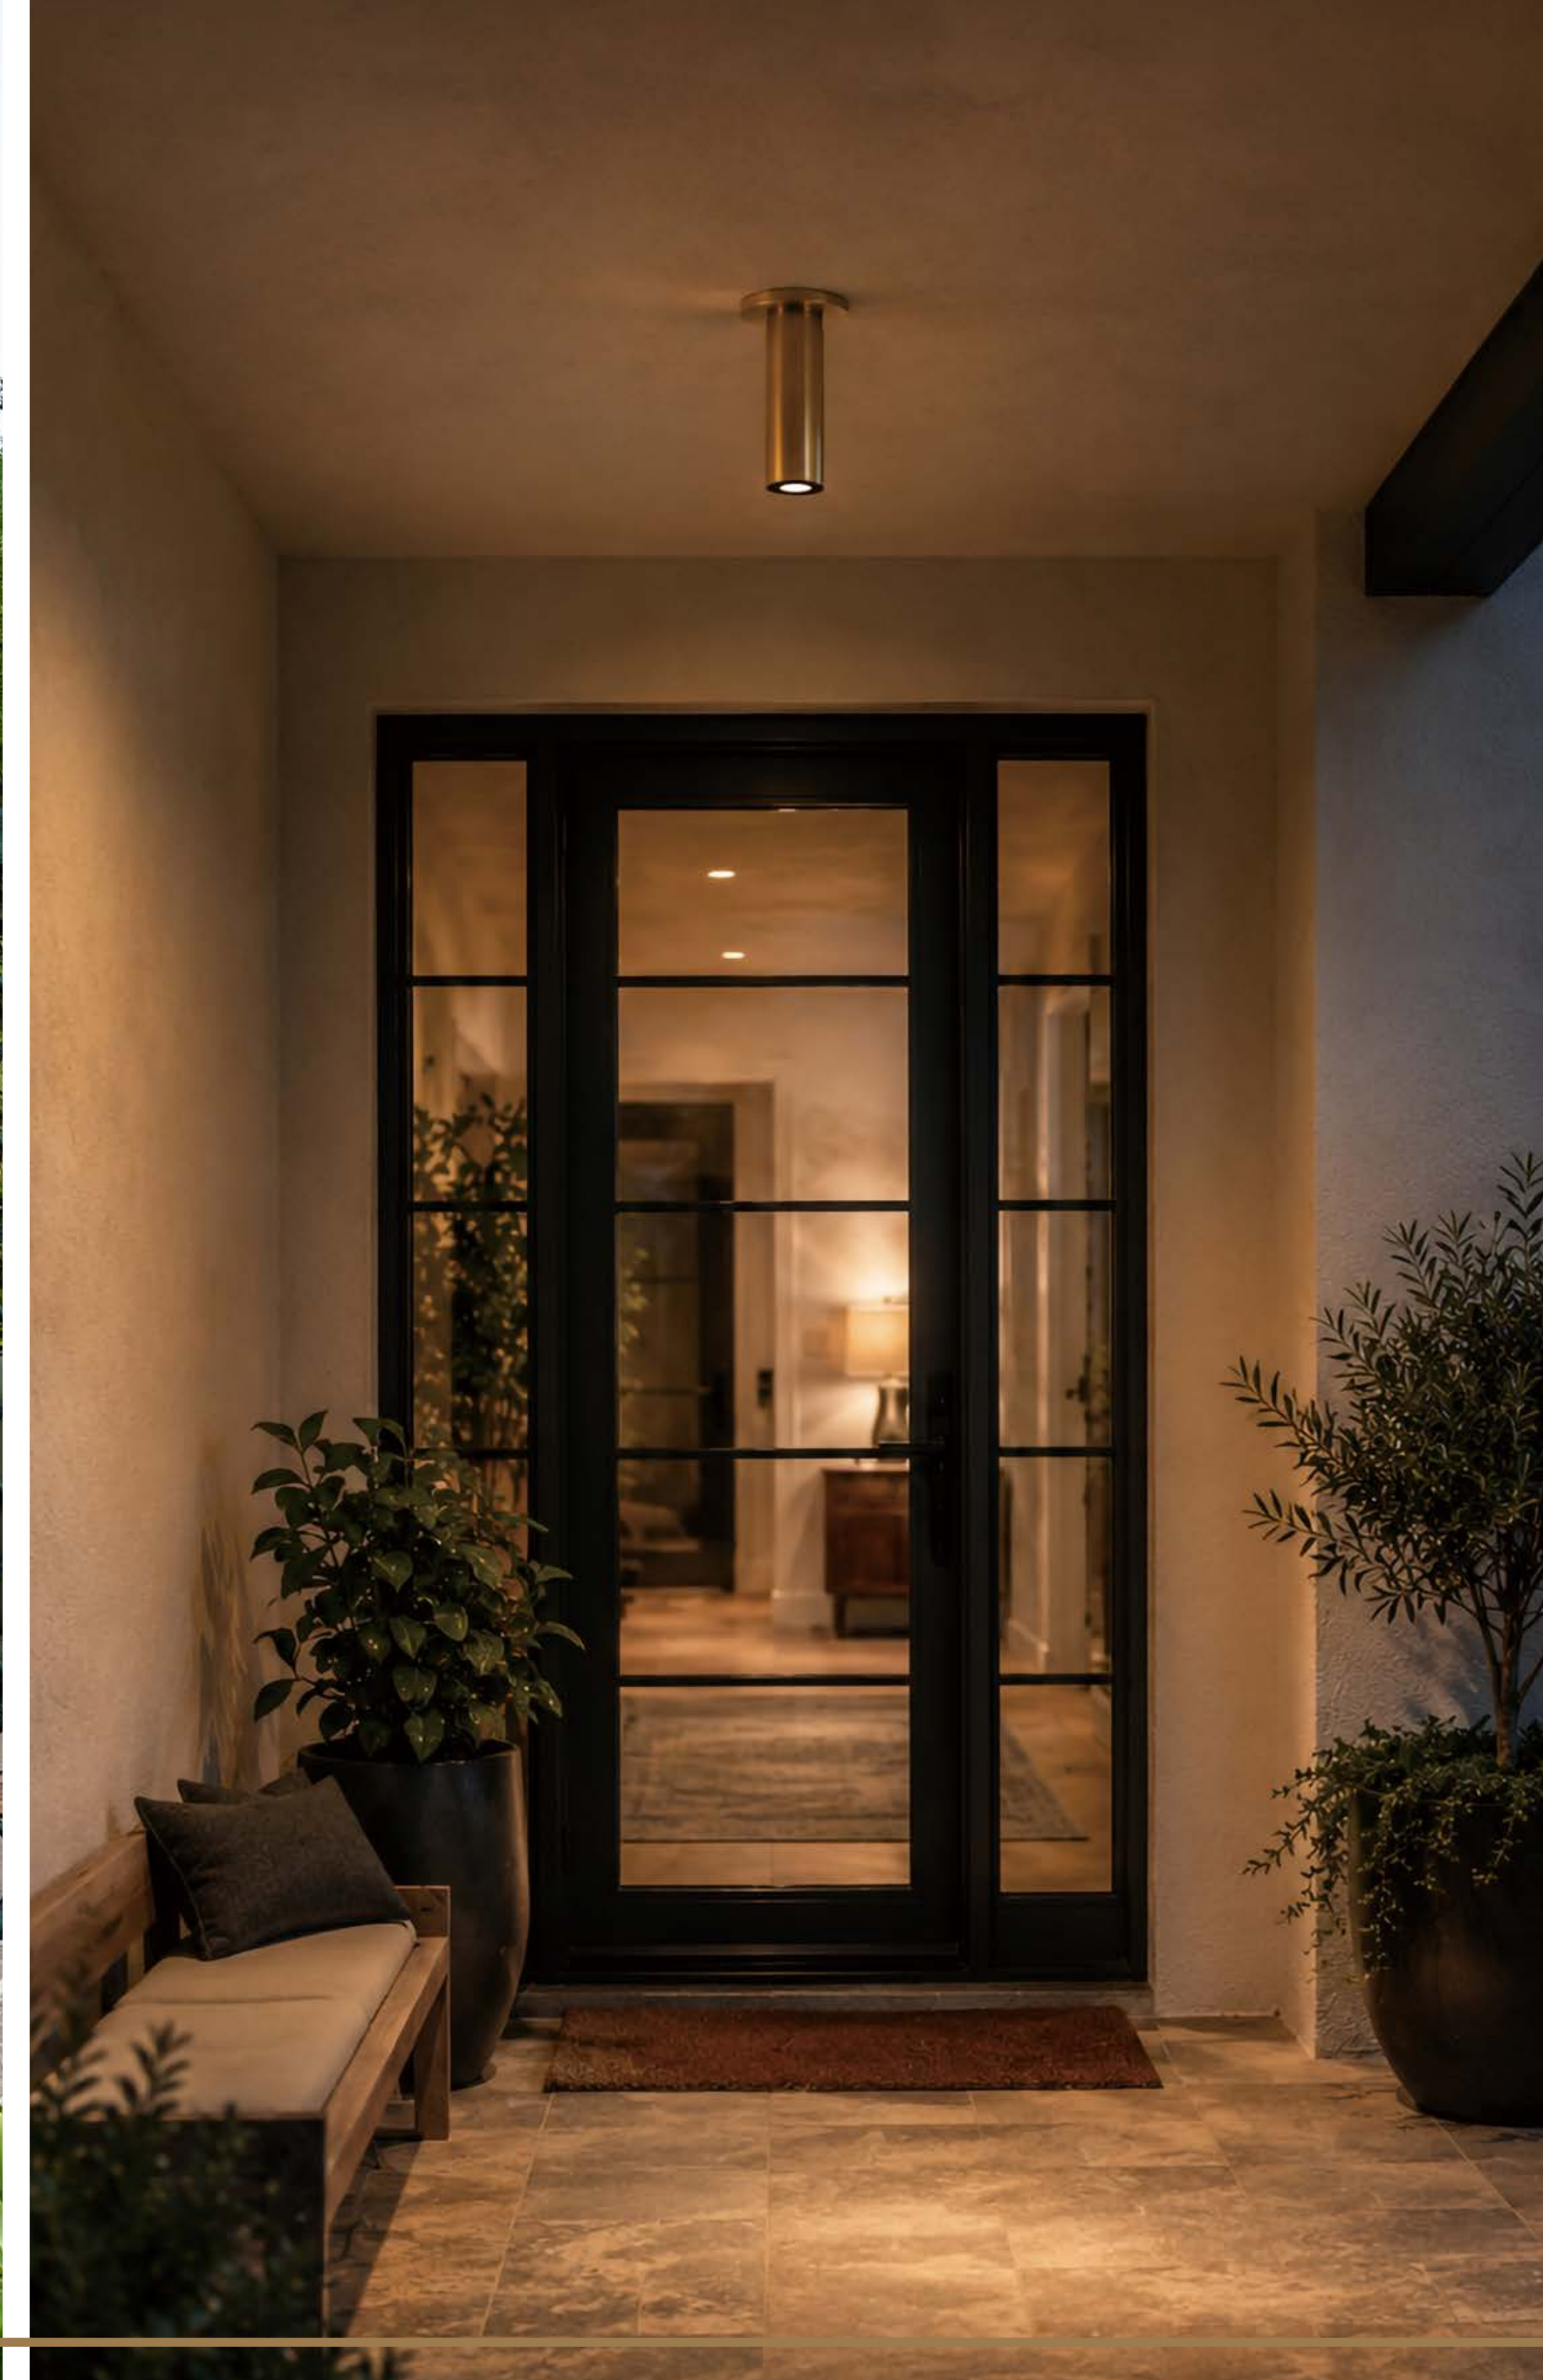

- Illuminate pathways and entries
- Improve visibility
- Enhance security

Design

- Highlight architectural features
- Increase curb appeal
- Extend outdoor living spaces

*Thoughtfully Designed.
Beautifully Illuminated.*

OUTDOOR FIXTURE TYPES

Choosing the Right Style.

Wall Lanterns

Perfect for front door entries and garages.

Hanging Lanterns

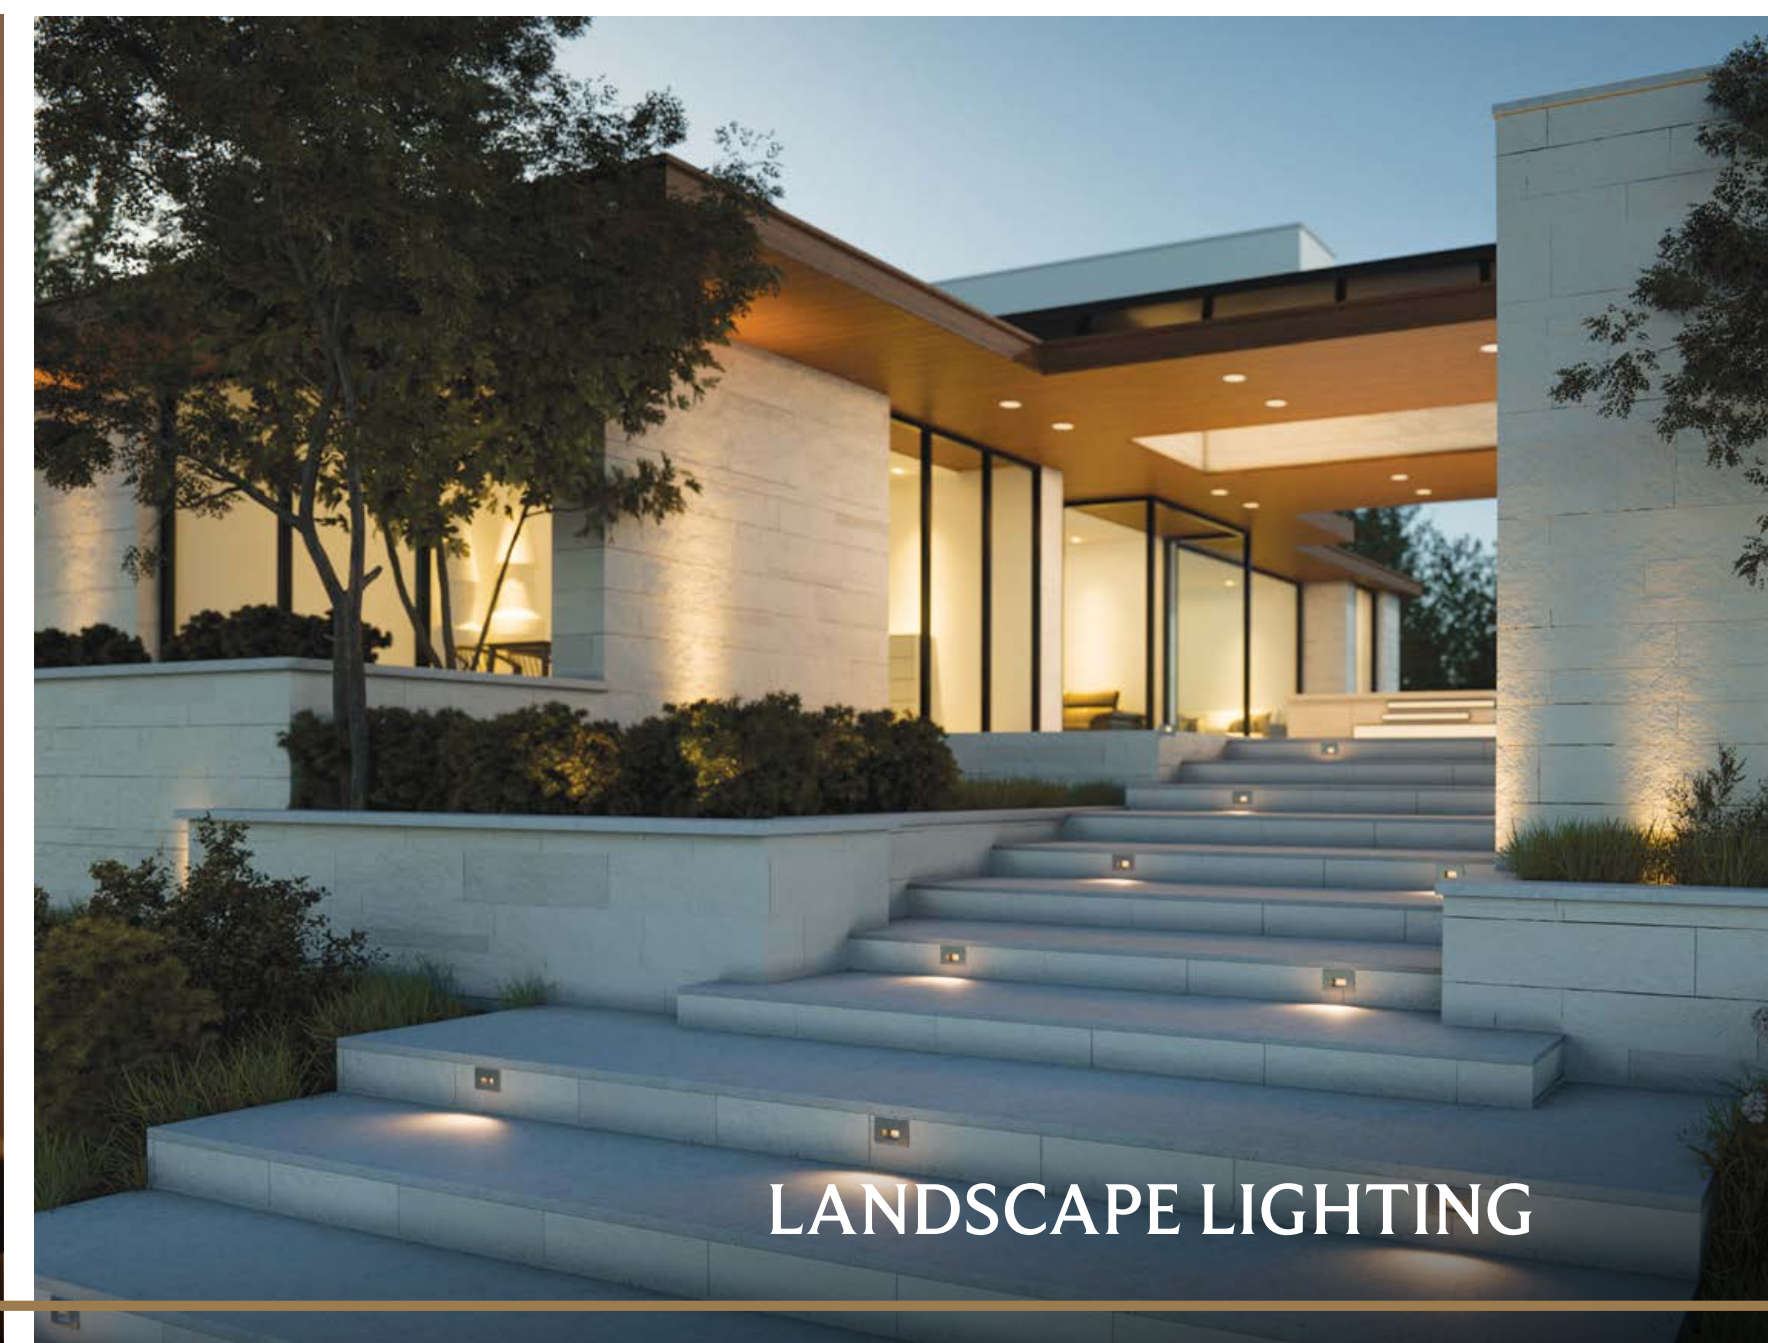

Ideal for covered porches and entries.

Post Lighting

Great for driveways, gates, and walks.

Landscape Lighting

Adds depth while highlighting architecture and outdoor living spaces.

SELECTING FIXTURE SIZES

Scale Matters.

Wall Lanterns

$\frac{1}{4}$ to $\frac{1}{3}$ of door height

Ex. 80" Entry Door → 20-26" Fixture

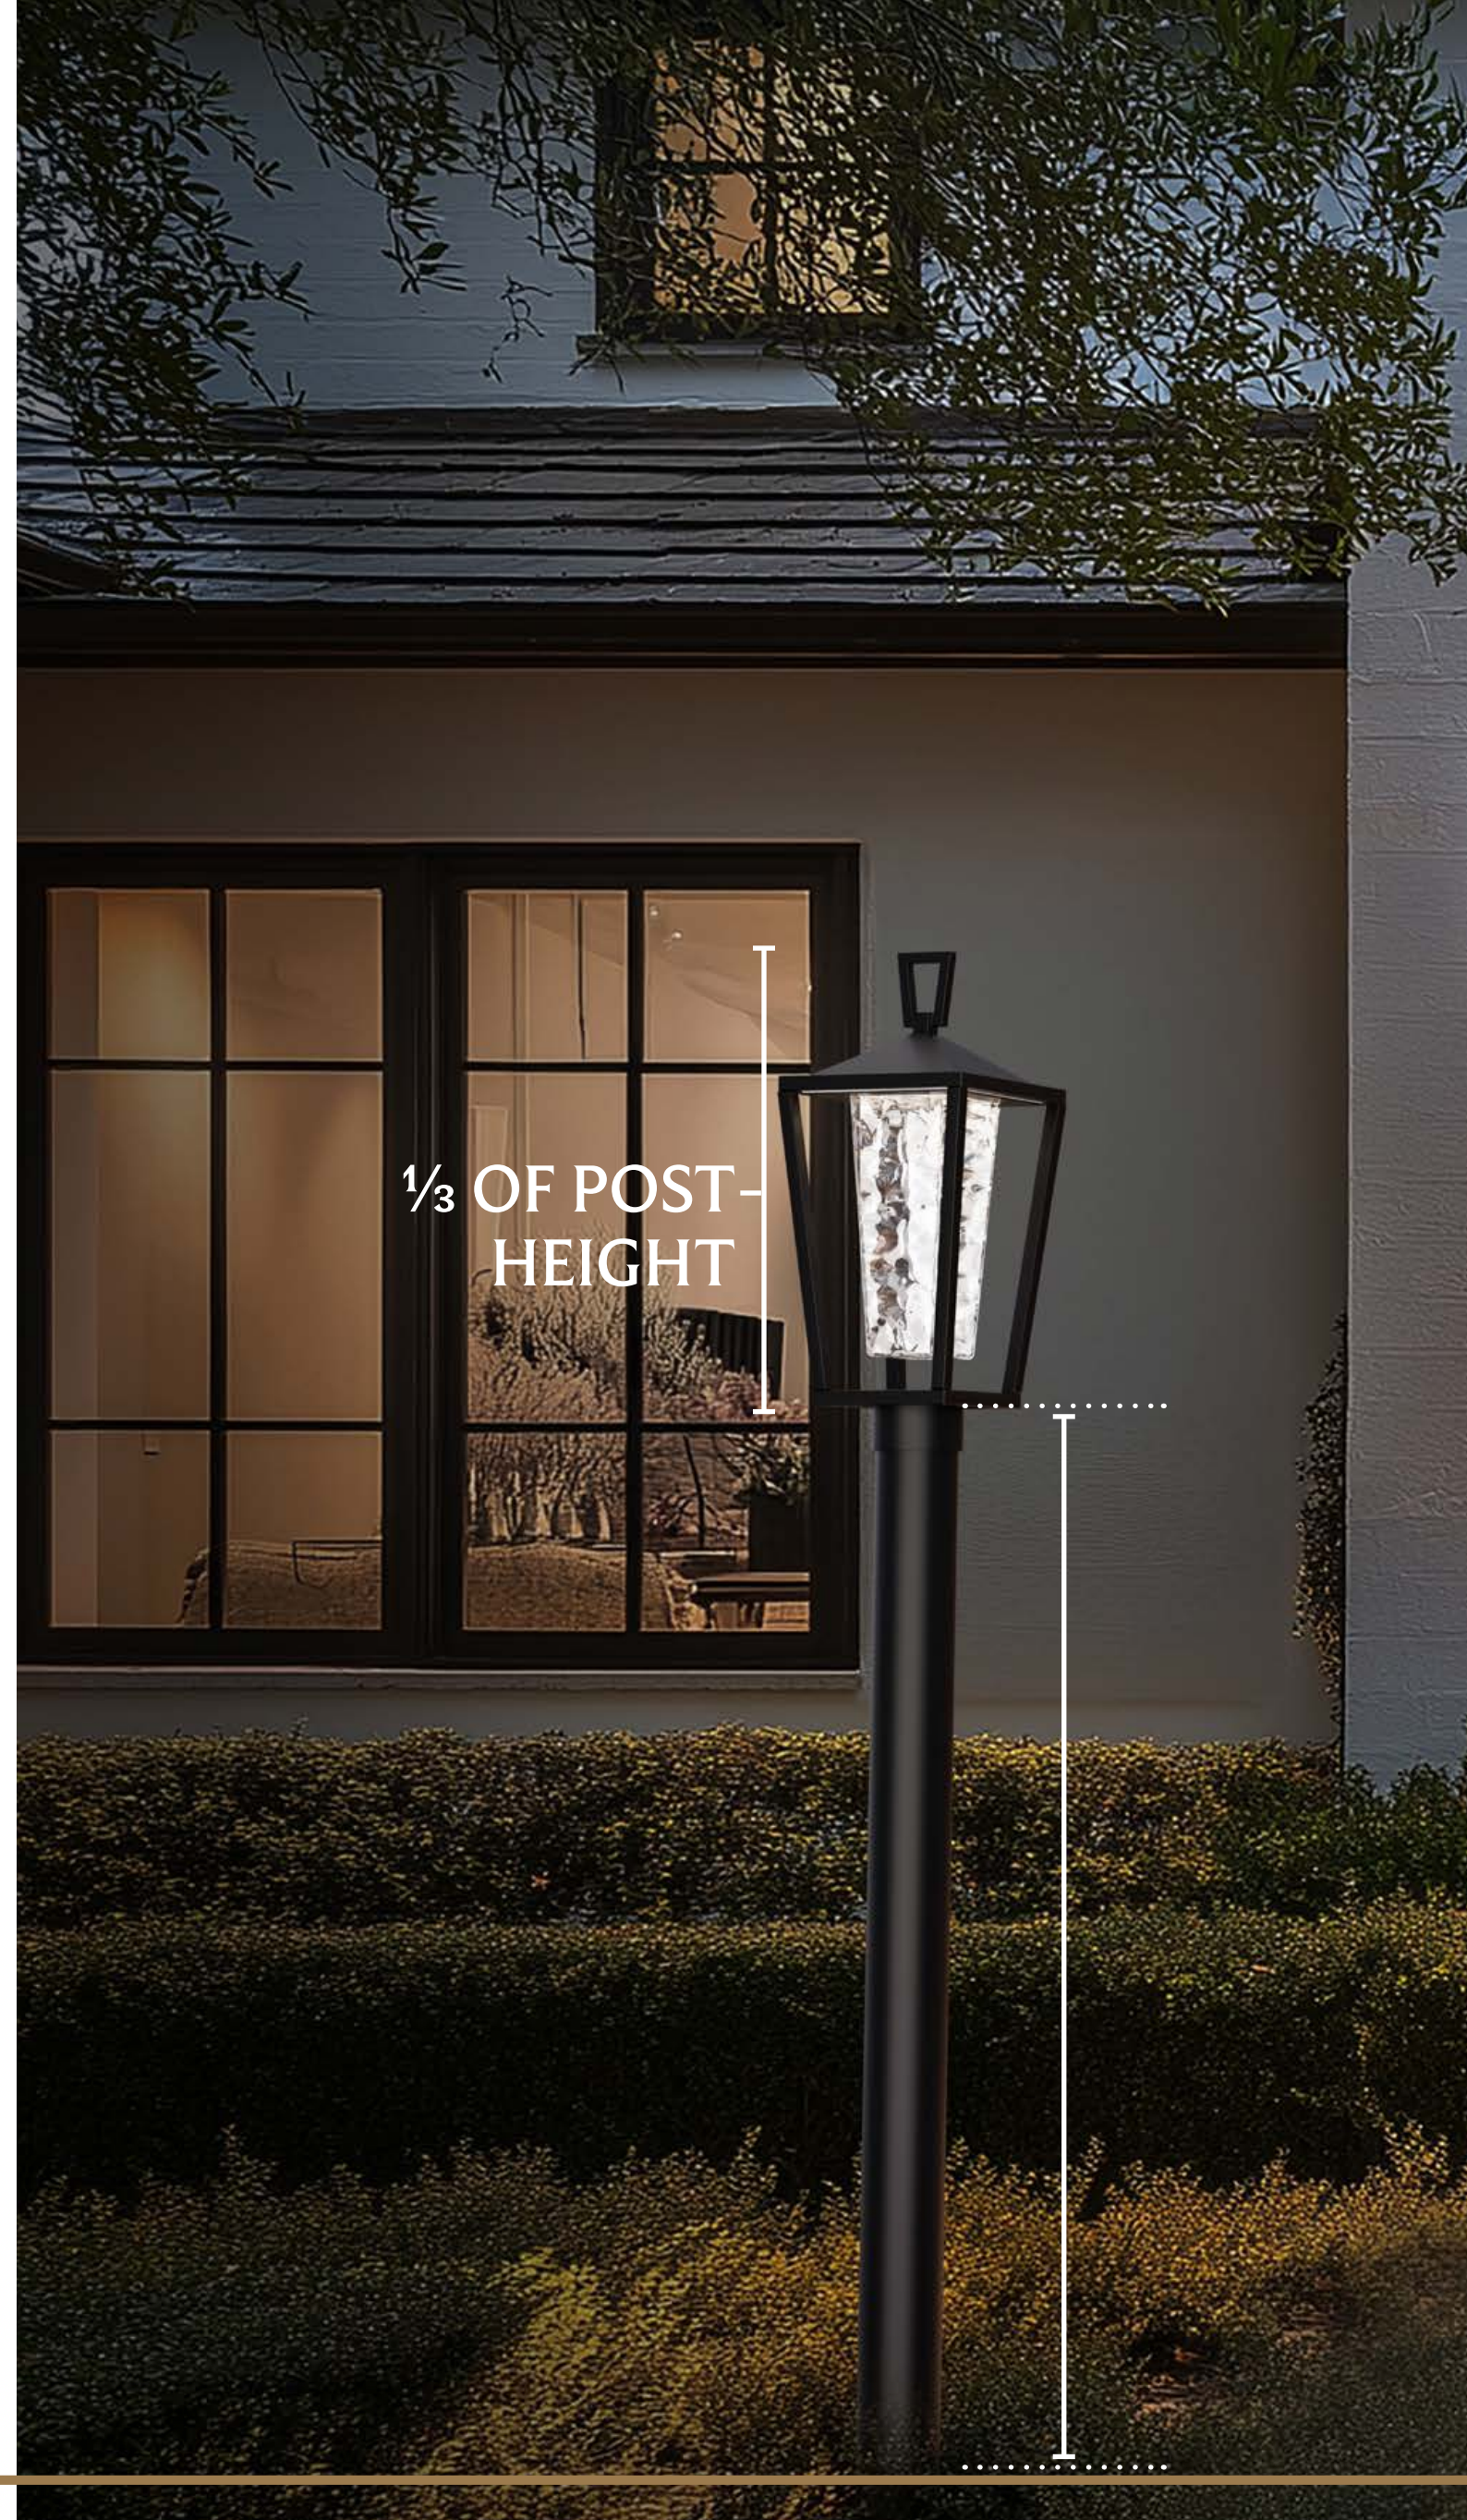

Entry Pendants Above Door

About $\frac{1}{5}$ of door height

Ex. 80" Entry Door → 16" Pendant

$\frac{1}{4}$ - $\frac{1}{3}$ OF DOOR
HEIGHT

$\frac{1}{3}$ OF POST
HEIGHT

SELECTING FIXTURE SIZES

Scale Matters.

Garage Lanterns

$\frac{1}{4}$ to $\frac{1}{3}$ of garage door height

Ex. 84" Garage Door → 21-28" Fixture

Post Lighting

Roughly $\frac{1}{3}$ of the visible post

Ex. 72" Post → 24" Fixture

PLACEMENT TIPS

Wall Lanterns

Mount 60-70" to center above finished grade

Entry Pendants

Centered above the door

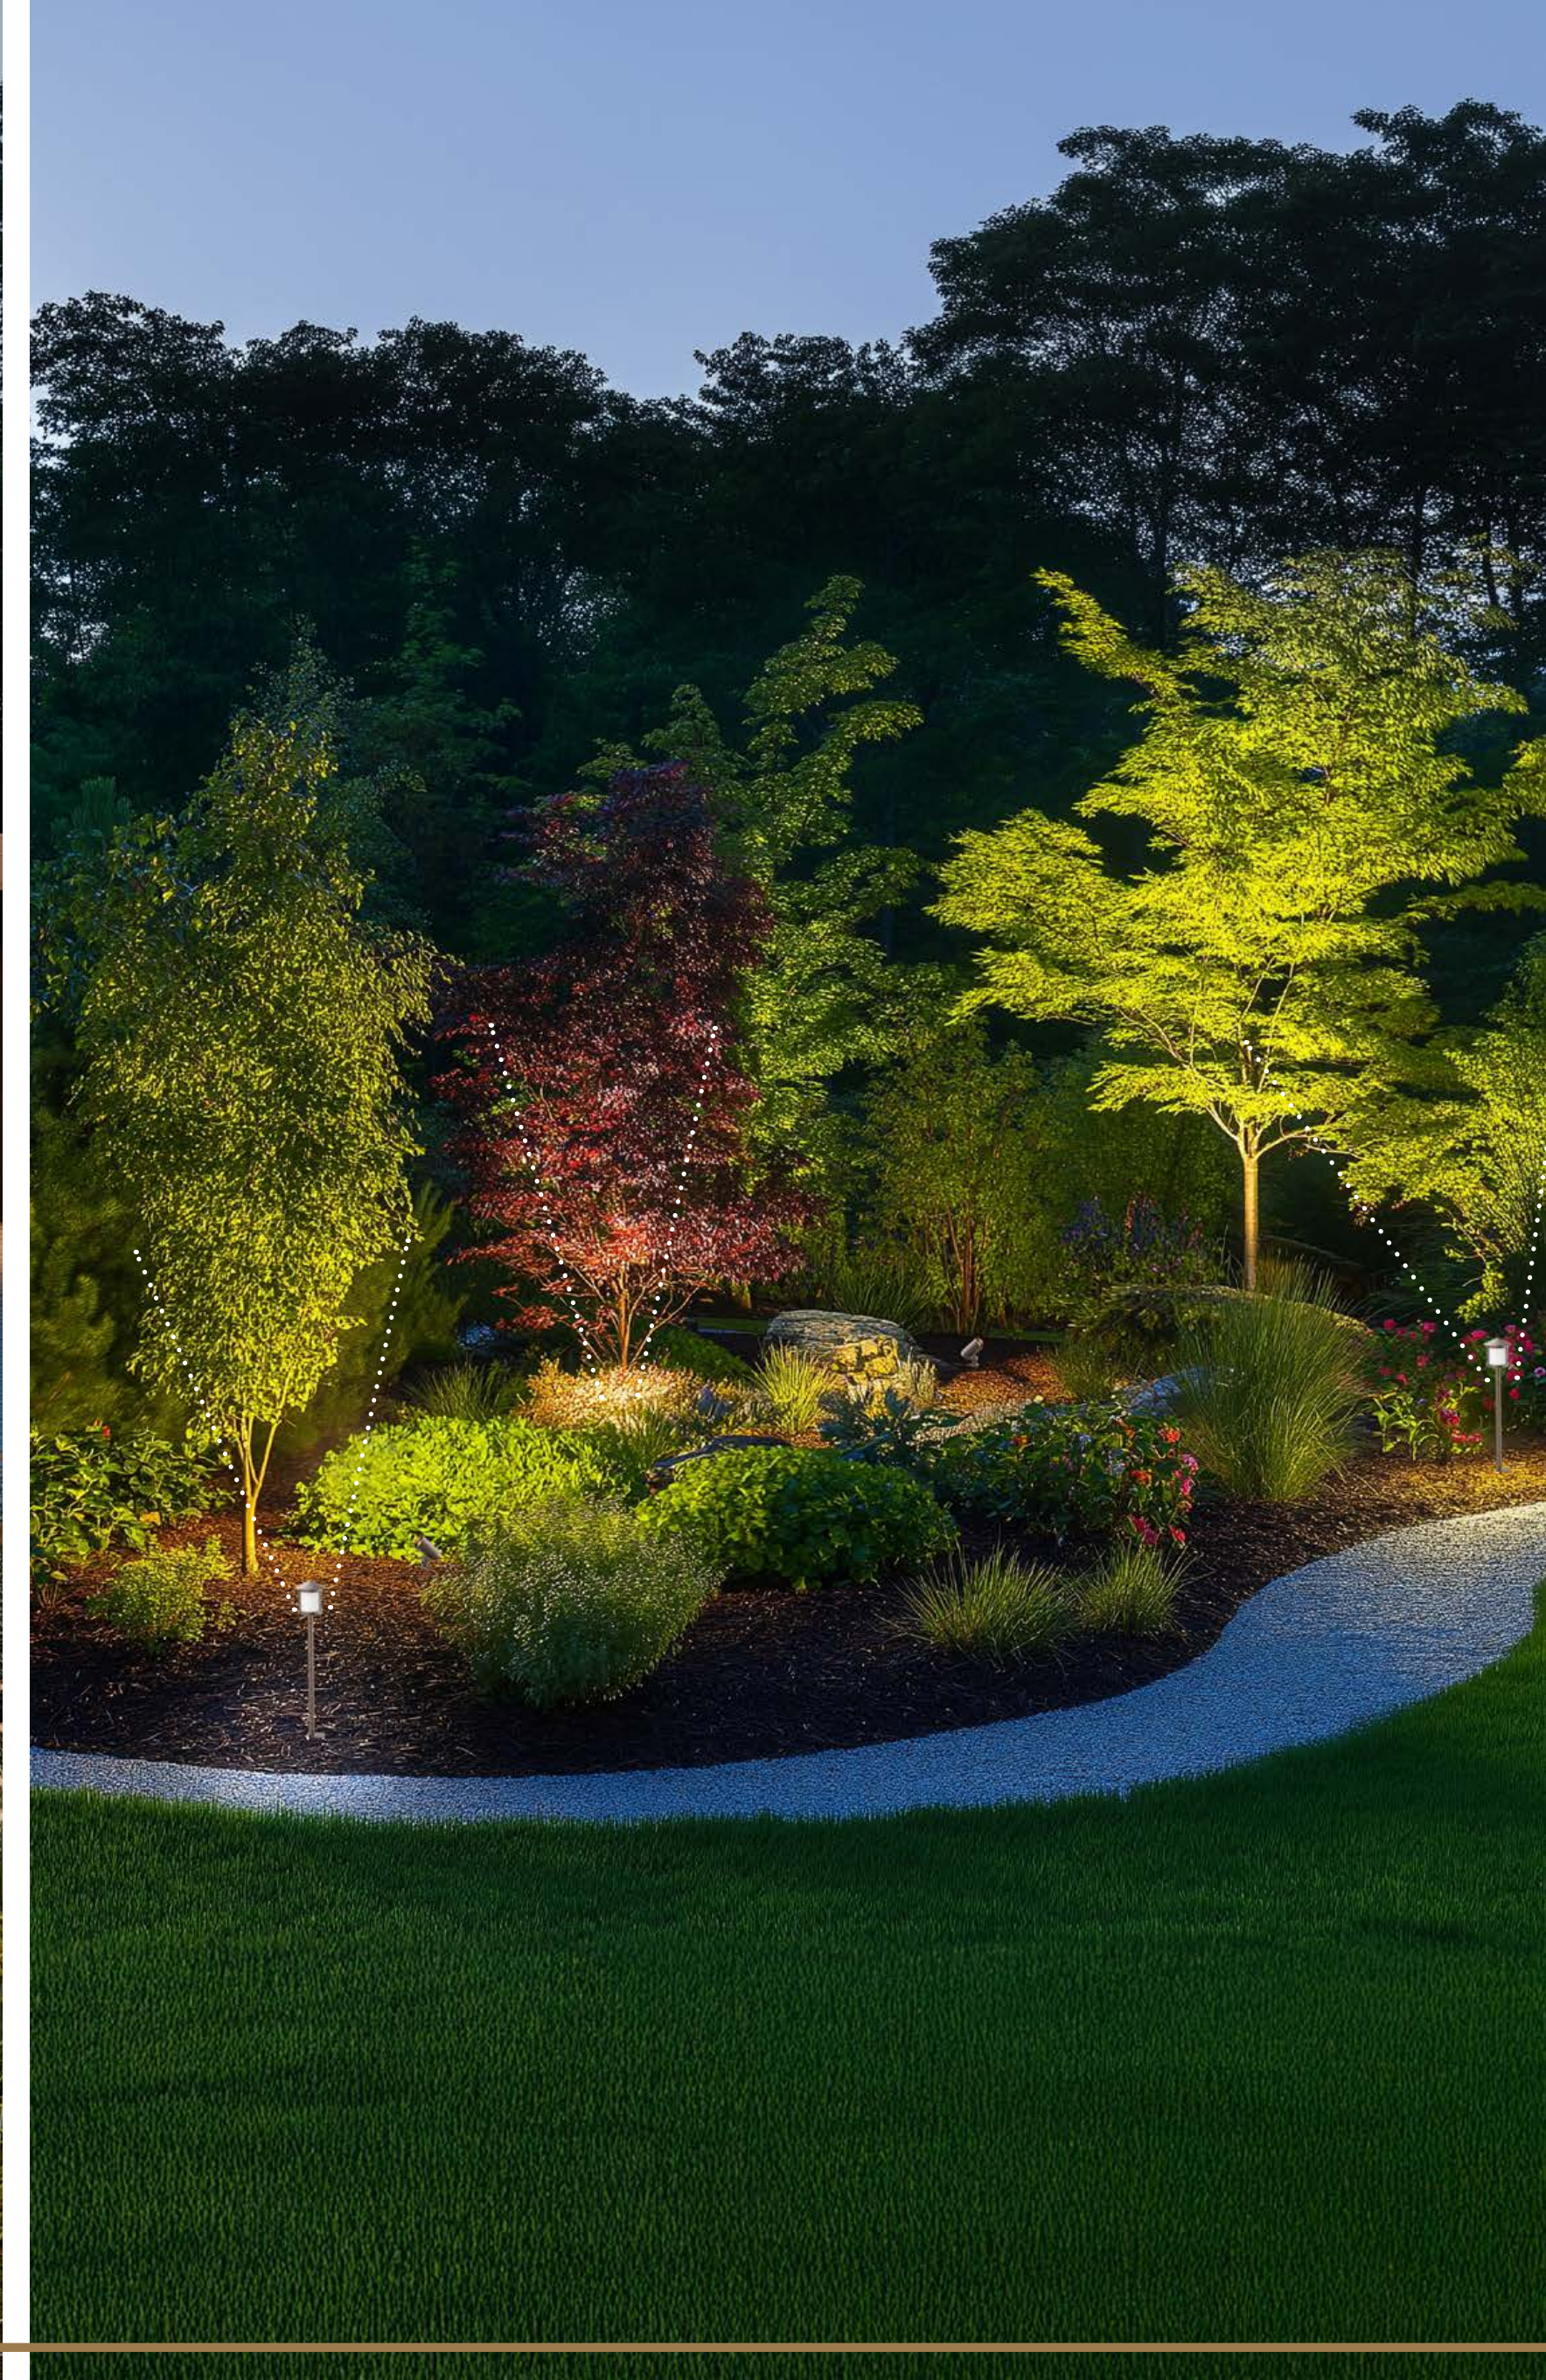

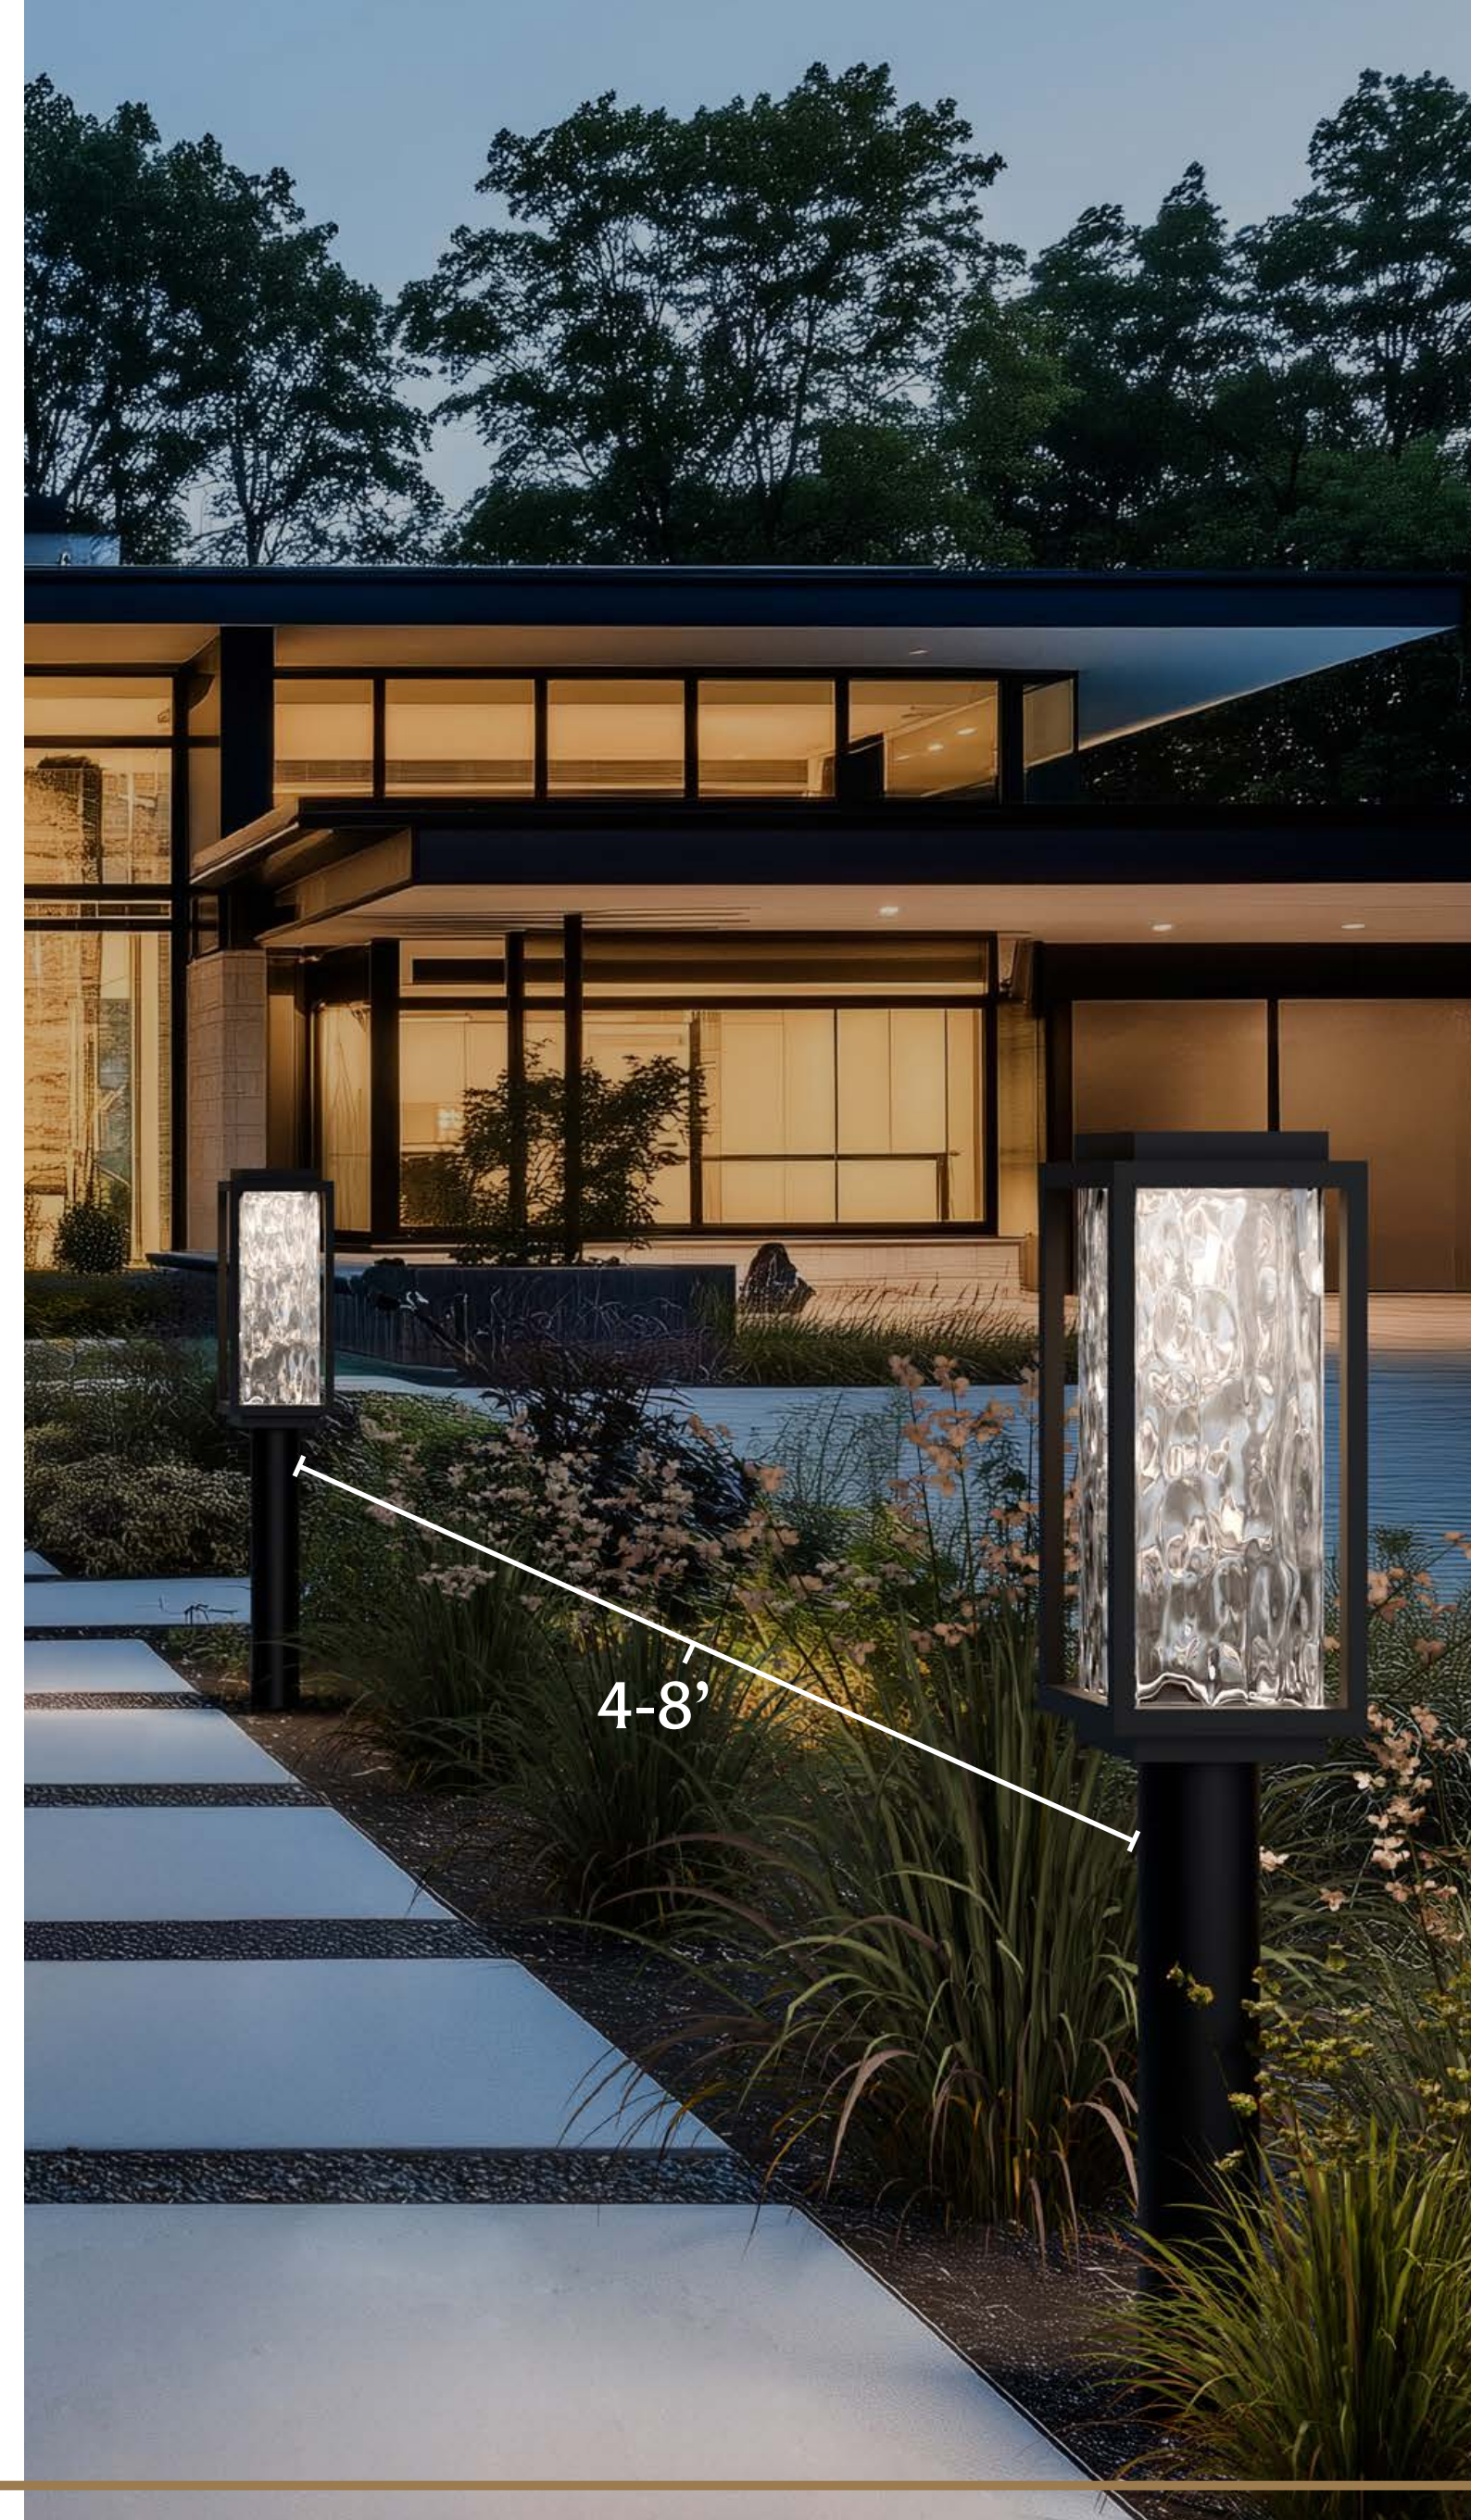

PLACEMENT TIPS

Path Lighting

Space fixtures approximately 4-8' apart

Landscape Lighting

Avoid glare and illuminate focal points

FLORIDA CONSIDERATIONS

If your project is near the water, selecting fixtures designed to withstand salt air, humidity, and UV exposure is key.

Look for:

- Coastal-rated construction
- Corrosion and fade-resistant materials
- Finish warranties

Built for Coastal Living.

COASTAL LIVING STARTS HERE

Lightstyle proudly offers coastal-rated collections from many of the industry's leading manufacturers, combining timeless design with materials built to withstand Florida's climate.

Featured Manufacturers

- Hinkley
- Kichler
- Generation Lighting
- Maxim
- Quoizel
- Visual Comfort & Co.

Best For

- Waterfront homes
- Coastal communities
- Pool areas
- Covered lanais
- Outdoor entertaining spaces

GAS LANTERNS.

At Lightstyle, many collections are available in both gas and electric options, allowing you to achieve the same aesthetic whether or not gas lines are installed.

Most gas fixtures come in a copper finish, offering a timeless look that ages with your home. Custom finishes are available from select manufacturers.

Timeless Character.
